Federal Communications Commission

RE: Proceeding # 13-49

To Whom It May Concern:

Please be advised that I am a recipient of services provided by Shelby Broadband in Shelby County, Kentucky. Shelby Broadband is one of the only providers of broadband services in this very rural community of Shelby County, Kentucky. It has come to my attention that the FCC is proposing rule changes that would significantly increase the cost of operations for Shelby Broadband, which, of course, would be passed along to rural consumers.

My reason for writing on this occasion is to request reconsideration of these rule changes as they will significantly impact the ability of rural consumers to afford broadband services. Your attention to this request would be most appreciated.

Sincerely,
TURNER, COOMBS & MALONE, PLLC
